

## **Introduction to the Book of *Revelation***

**Preached Sunday, 06/24/18**

The Early Apostolic Church (A.D.33-73) believed in a second coming in one generation. They were both Dispensational and Preterist in today's terms. Once it was proven that the Church Age would be long, the apostles rebuked the man-made immediacy by the Zealots, and *Revelation* was written (A.D.96) to turn the Church's eschatology from Preterist to Futurist. Two others schools of interpretation (Idealist and Historicist) emerged later.
